

A Pragmatic Approach to the Fourth Industrial Revolution (4IR / I4.0)

Amidst the noise within the drive to Industry 4.0, a strategy is forming amongst enlightened businesses. As increasingly market leaders align their products to I4.0 or 4IR (4th Industrial Revolution) as its becoming known in the UK, how can you separate the marketing spin from the game changing technology?

Join us at the **Waterton Centre**, on **May 25th** for a free event to see Industry 4.0 in action

A partnership event:

TATA STEEL

Rexroth
Bosch Group

You will be able to hear presentations on the current state of the art, followed by hands-on workshops for you to interact with the technology, with experts to answer any of our questions, and to try to demystify some of the technology involved.

Topics and Live Demonstrations include:

- Virtual Factory
- Man-Machine Interfacing
- Cyber-threats & security
- Practical data collection and analytics
- Funding options

There is no charge for this event, breakfast rolls and coffee available from 8.30am

Time: 9.00 am - 12.30 pm

Venue: Waterton Centre, Waterton Estate, Bridgend, CF31 3WT
